

Fizz Boom Read!

A black and white line drawing of a cluttered workshop or garage. The scene is filled with various tools, household items, and sports equipment. On the wall, there's a clock, a light bulb, and a framed picture of a landscape with the word "TRAVEL" written on it. A shelf holds a box of tools, a bottle, and a cup. The floor is covered with a bucket, a wheel, a football, a potted plant, and many other miscellaneous objects. The drawing is done in a simple, sketchy style.

Professor Poindexter P. Puggleston would like to create an experiment, but his workshop is too unorganized. Can you help him find the equipment below?
