

THE RABBITS ARE ASLEEP

Off in the fields the rabbits are asleep
The rabbits are asleep
The rabbits are asleep
Dreaming 'bout something good to eat
Farmer John's got those carrots so sweet
Off in the fields the rabbits are asleep

Down in the valley the river is asleep
The river is asleep
The river is asleep
Dreaming 'bout wandering wild and free
Maybe take a trip on down to the sea
Down in the valley the river is asleep

Up in the Tower the King is asleep
The King is asleep
The King is asleep
Dreaming 'bout the gold in his castle keep
Such a big worry, don't bring him no peace
Up in the Tower the King is asleep

Out in the orchard the apples are asleep
The apples are asleep
The apples are asleep
Dreaming 'bout growing to a great big tree
Have a little faith in the tiny little seed (appleseed)
Out in the orchard the apples are asleep

Out in the harbor the ships are asleep
The ships are asleep
The ships are asleep
Dreaming 'bout ??? across the sea
Who knows tomorrow where they might be
Out in the harbor the ships are asleep

In a little bed the child is asleep
The child is asleep
The child is asleep
Dreaming 'bout rivers and ships on the sea
Rabbits and apples and the poor old king

In a little bed the child is asleep
